

Responding to Scripture

What is the invitation?

What is God inviting us to know, understand, or do in this passage/these passages?

What is the promise?

What does God promise us in this passage/these passages?

What is the obstacle?

How does this passage/these passages name an obstacle that makes it difficult for us to respond to God's invitation and promise? What obstacles are present in your own life?

If the obstacles were removed, what would become possible?

How might you (or we as a congregation) be able to respond to the invitation or promise if there were no obstacles? What would happen
